8th Annual Camp Fire USA Dirt Diggers' Scramble Charity Golf Challenge

Camp Fire USA develops personal resilience, intellectual curiosity and social values that youth need.

Our programming shapes children into caring, responsible and ethical adults.

Camp Fire USA serves all youth and is based on commitments to inclusiveness and whole family development. Our co-educational programs help both girls and boys cultivate their unique talents and skills.

More importantly, Camp Fire USA offers all families life-enhancing experiences and the opportunity to serve, play and grow together.

We believe that all youth should have the opportunity to interact with adults and other youth in a safe, fun environment that allows them to develop ongoing relationships with others in the community.

We're shaping the importance of civic and personal responsibility, team work, and leadership through club programs.

We're instilling the power of volunteerism with service-projects and activities for children of all ages.

We provide a safe environment and positive role models in all of our programming and in all that we do.

The Dirt Diggers' Scramble began in 2002 as a grassroots effort led by local supporter Ron Robinson of Jack Robinson & Sons. To date this event has raised nearly \$200,000 to provide local youth programming and scholarships for those in need. We are grateful to Ron, all his friends and every supporter that has joined in this success!
